I voted for Trump. Still GREAT with that. But yes, as a woman when I first saw this I could see straight off that Trump passed up his wife for his favorite child. It absolutely broke my heart. Their marriage may not have as many years shared, but that moment should have been shared with his wife - not his daughter. :-(

garbage. Melanie changed the smile because someone was praying and Don was smiling about the "rain" being a blessing from God. Melanie was showing serious respect.

So what about Trump getting out of SUV and leaving his wife behind??
There's something off about DONald and Melania's relationship.
He doesn't seem like he really values her that much in public settings and IMO he

He indeed made the strongest eye contact with Ivanka when she leans, but Melania not aware of that assumes she is the one, then in the very last momento DJT realizes Melanie's thinking and mumbles to her "not you"

you are absolutely right. it was something he said at the very end and it seemed to end with "you". your comment should have the highest likes.

Nonsense. It hurts your cheek muscles to smile all the time. Models know when to give it a rest.

bigstink9 4 hours ago
It takes fewer muscles to smile than to frown.
