...We need certain guns but the guns we need are pump shot guns, 12 gauge pump shot guns or automatic shot guns nothing else...if you feel like you’d like to give us something it’s not on the list, save it. We’ve got to have these precise ones because this is what they used against us and as a weapons’ expert form the army I know what will be best. The next thing we need are 3.57 magnum revolvers. That’s the main weapon not 38, 38 will bounce off a window it has been known too. 3.57 45 automatic are the best. Thats what I personally carry. The next thing we need and if you don’t have them Tom Collins knows where you can get them for half price and we need them are Colt AR 15’s that’s the civilian name for the M16 rifle. Thats what they hit us with most of the time, or the mini 14 is alright. It’s not great we need these weapons very badly and if you’ve have never been in a fire fight...I have stood on a farm in Ohio that was a retreat and for four solid hours...we never did find out why the police didn’t come out...they were over 6000 rounds fired from both sides trying to kill people. That was one fire fight this is no game and this is no joke, I spent Monday in the hospital because I wasn’t careful at a job that I was having and somehow, somebody...I got the blood test to prove it...slipped poison in the pop that I was drinking and I was in critical condition and I’ve still got the scar from the IV. I went intio convulsions and seizures and a lot of people prayed, and Monday morning I walked out of that hospital, I looked sick for a few days but I walked out of that hospital (that was) because I got careless it was a new way they had thought (to kill me) and I wasn’t ready for it. From now on we are going to watch all ways. So please this is an unusual request but if you have them we need them and the other thing we need. We need material so that clothes can be made. We need concrete blocks we need cement. We need 100’s of 2-4’s we need barred wire fencing. We need fence posts we need electrical wire. You can imagine anything in construction. We need lots of sheet rock. Anything that you feel, (you can give) if you’re in a construction field (if you) have, nails, you can imagine how many nails we need. We need this stuff. We need farm tools like shovels picks and so on. We need everything under the sun. It is a retreat that is a ranch. We need farm animals if you’ve got a horse and the Lord may lead you to donate a horse or we need anything else and that’s pretty well it. You can just pray about it and see how the Lord will lead you. (If you) feel like donating money bring it to the pastor the land is there all we got to do is get this thing built and I know people round here like Shaun and others will be glad at the weekend (just) to hang sheet rock along with the rest of us. I won’t be here. I’m sorry to say so I’m trusting in others. Pastor now interrupts for some itinerary and then the tape switches back to Jonnie. We have tried retreats several times. They’ve always failed because we allowed the supporting churches to have a voice in the retreat itself. Now I love this church and I’m a member of it and I’ve been going to (this) church in the five years I’ve been saved and that’s what I think of this church and that’s what I think of this pastor but the retreat, the workers, if you think you would like to be a worker at the retreat just remember its going to be on the hit the whole time your there. Tom Collins, I told him and his wife (when) they were out looking at the land with us (and his co workers already know who gave us the land Tom gave us the Land) and I told him and his wife I said ‘You know when you come out here this is your land the moment you come through the gate you put it on your hip’, and so pray for us pray while we eat, work. We are claiming souls upon souls. I’m going to be talking with the people who trained me in witchcraft. I’m going to be going into the top people who sat on the council of 13 people that sat on the council. I will be in the State where eight of them live and I expect them to attend the meeting...Pray for us we are going to believe miracles are going to be done. (It’s) probably the closest I’m going to get to Jimmy Carter...You know for those that haven’t heard Jimmy the great evangelistic sinners sister won Larry flint to the Lord, but she told Larry that if you keep of publishing Husler...(God will be displeased)He just had to add nude men picture along with the women to balance it out. That was the Christian principle (he thought). I wonder what Lord she serves? 540min (Question: ‘What about Charles Manson was he demon possessed?’) Alright, Manson belonged to...I had belonged to many brotherhoods. Manson, the brotherhood that he belonged to is called the Process. The only brotherhood I worry about. They are so radical that in order to kill me they would gladly give their own life up right in a meeting. They would run out of England for human sacrifice they are (there is) the inner and the outer process. The outer process is
a good group. They have free coffee houses, free clothing free, free places to live and so on and so on. The inner practice human sacrifice. They teach a four god system. Yahweh as the evil god (and) Lucifer as the good god. Jesus as (the) one being punished because he spoke against satan and satan as the earthly god. They wear a cross, a big silver cross with a serpent engraved on the cross showing that satan and Christ are one through the cross and they were rolled up, they were a contract. He (Manson) was paid, paid to do it (Manson was paid to kill). Tate (Sharon Tate, 60’s Hollywood up and coming star) was breaking away (from the Occult), her husband (Roman Polanski?) went to establish an alibi in Europe. The money came down $50 000 came down from... New Orleans. Poor Manson only got $2000 of it by the time it went through all the sticky fingers, but that’s what the Tate killing were (was) about. The others just happened to be there. She wanted out, and you don’t get out unless you come through Christ and she didn’t think about trying that, and her mistake was she warned them in advance. She was arguing with her husband, she was having a baby and she didn’t want the baby raised up in it. (the Occult) and she wanted out and if you remember the trial script*(6) from the book? That’s the one thing she begged, she said, not... you know over and over she kept repeating over and over ‘don’t kill me don’t kill my baby’. Her baby was what she cared about and that’s the information that I have on it. I belonged to the New Orleans branch and he was called a disciple or an evangelist from the New Orleans branch. The process... they were the people who first tried to kill me. The first incident that ever happened happened from them. They are very very radical they are located... and they got a few scattered undercover groups in LA but they have an open chapter in (San)Frisco. Any other questions? Question asked: (Are Epileptics demon possessed?) I’m glad you asked that. When I was saved and I’ve got the veteran records to prove it... I was an epileptic from a wound in (Vietnam). I had an EEG (Electroencephalogram) this time last year. The brain scan shows I’m still an epileptic. The first thing the people called out of me and they did not know that I was an epileptic and I was taken to the (something) Santa Barbara in secret (where) they called a demon of epilepsy out of me. I have never had, an epilepsy seizure since then except when the VA (United States Department of Veterans Affairs (VA) got a court order about a year and a half ago because they were concern for me and they made me take the medicine and I went into seizure and they gave it up. I’ve never had a seizure and nobody I’ve ever called demon of epilepsy out of has never had a seizure since, as long as they’ve stayed off the medicine*. There not possessed and I want to add this real quick because of the King James Bible. Many places in the new Testament... all demonic activity is called possession. If you get yourself a Greek lexicon*(8), and I think pastor can verify it with me... only two cases in the New testament use the word that applies to possession. The 16th chapter of Acts and Legion. The others apply to activities, demonic activities in their life. Alright now I’ll give you an incident. We prayed for a girl when I was here last time, who was the people I was (here with me?) You were upstairs with me weren’t you? Who were the other women upstairs with us? Was she her? She can testify the girl could not pray the pray of salvation until we called certain demons out of her. When we were done praying the pray of salvation then we called more out of her but certain ones had to go before she could even pray but they had not all gone. If that’s a little contrary to you that’s because when you give your heart to the Lord, you give your heart to the Lord - the flesh can still be occupied if you gave them, (the demons) permission to come into your life through different things. Epilepsy, there’s no argument about it. That’s how Jesus delivered and all the dilating and heterbarbing (slang term??) in the world will just feed the demon. I’ve seen hundreds. I feel for epileptics because I went through years of epilepsy and I know the feeling, the embarrassment of the seizure and everything, and I’ve never had... my brain waves show that I’m still an epileptic. I guess if somebody had cancer and the Lord had done a miraculous thing and they still saw the cancer under the scope and they weren’t dying, but I don’t know... but I had the brainwave test and the brain scan. Both show I’m still an epileptic but I don’t have a seizure and I don’t take the medicine. I really feel that the injury that was done to me was physical but the demon causes the convulsion. That’s my own experience as an ex epileptic. ( Interruption in the tape here, then the pastor relays another audience question: Who are the other members on the council of the 13? (that being the highest level of the Illuminati underneath the leaders). I can only give you...
the ones that were on it plus the girl who replaced me. There has been much assassination. There is a war going on in the occult right now between the traditional and the modern. (Funny there's been an argument between traditionalist and modern here, tinaqht) but the traditionalist and the modern. This is why I keep getting invitations to come back and join because I was one of the traditionalist leaders and they thought that I got out, (of the illuminati) because the traditionalist was losing or something so I left this is why they got... [name inaudible]. He's the leader of the traditional, but the leader of the grand council as it stands about a week ago is Gavin Frost. He's the leader of the modern. He's the evangelic of the group. The ones who say everybody could be a witch. On it is the girl who took my place, Yvonne Collins or Ligina... is her name now. Many of these names are Witch names because I don't know their real names. That's the law in witchcraft. If they don't choose to tell you, you can't ask, and even the council don't even know the other councillors. Jesse bell who lives in Florida is the name of a lady (of another councillor), Sheba. (Cyllie Lee?) Doctor Raymond Bucklin who used to lead it. Lausha is still on the council. Louise Shoopa from Los Angeles is on the council... Flora? From Chicago is on the council. I think the others that were on it at the time are Mrs. Morgan from New York and Lavina from France are still on the council. The others I think have either been killed or resigned and others have been placed in their place. (Jon then speaks to the pastor then repeats another question from the audience. “Can you clarify the difference between the traditionalist and the modern?” The traditionalist witch believes you must be a hereditary witch. That means you must be born into a family since before, (and have) a hereditary line. The modernists want everybody, particularly the Christians most of all to be witches. (Question then asked: can you tell us about UFO’S?) In my sisters connection there is a story that Jack Chick (Christian author/illustrator) had told these people a story three yrs ago, of a story - I had told him. My sister, before my wife came around used to be leader of the State of Ohio. The high priestess there of the whole state, and her little pass time was calling up the supposable filling the sky with UFO’S and watching everybody’s excitement. Some of the most outstanding sightings were in the early 70’s in Ohio and she used to laugh about it because she'd be standing in a circle in a field somewhere calling up demons and that's all they were angels of light playing games in the sky. Remember a demon gets a little spooky picture. There are a fallen angels an uncle spirit. They can assume any form or go into anything except a Christian who walks in the spirit all the time... you know, in other words a Christian who keeps it under the blood and so on, but they can assume form including spacenauts or solid objects like flying saucers and so on. That’s why when they appear on a radar scope and a jet gets up there they vanish right in front of the phallus eye because they are nothing but a spirit (Pastor asks a question. “Possession, Obsession and Oppression and how it relates to a Christian? Let's change the words around a little. Possession, Obsession, no Possession, Oppression, Obsession and Depression. Let's use those instead of the one affliction. Possession means absolutely total ownership. You've seen one of the few I've seen four or five cases in my whole life of possession and the young lady that we prayed for at the end of the service was one of those that was possessed. That's how many in five years, and I have set in or been part of close to a 1000 deliverances. You don’t see very many cases of possession. Possession means that person doesn’t breath, eat, talk, say anything that the devil doesn’t allow them to do that inside of them. Maybe you’ve seen them. If you’ve tried to get somebody to pray and they actually wanted to pray the pray of salvation but they can't get it out. That's possession. Son of Sam. possession. Jon Todd five years ago, possession. Charles Manson, possession. Let me explain, you know, this Legion was possessed. The girl in the 16th chapter (Of Acts: New Testament) was possessed. You know something they did? They wanted help. They went and they went and they challenged God. The most they could do was fall down and get the masters attention. I've been in meeting where they couldn’t ask for deliverance because there spirit wouldn't let them, but they could create a commotion by resisting the devil. What they would do was start thinking they were free and the devil would start manifesting and that would draw the attention of a minister too them. But most possessed people are possessed because, not so much because the demons are possessing them but there possessing the demon*. I mean most of the cases I meet that’s demonic activity the
people involved do not want to give up the spirit. Remember how much you fought to give up
particular spirits in your life? You did not want to give... (them up) you did not want to turn (them)
loose because you liked them. That may seem unusual to you but it goes on. Think of the man who
likes chasing women. He doesn’t want to give up the demon of lust because he doesn’t want to give
up chasing women. Now oppression. Possession is impossible for a Christian. Don’t ever let
anyone tell you that a Christian is possessed. That’s an absolute lie of the devil. The next step is
oppression. That is where the Christians can come... (undone). Oppression... Possession resides in the
spirit or the heart of man, oppression resides in the soul or the mind of man. Obsession resides on
the flesh or the body of man. That would be the best way...(to describe it) depression is outside. It’s
tormenting spirits from outside, unless it’s a demon of depression and then its inside but usually
depression can be you not depending enough upon the Lord so allowing the devil to depress you.
I’m very funny I don’t allow any in-betweens I’m not a sin straggler. It’s either God or the devil there
isn’t any in-between and that’s the Lord’s own words. Your either with him or against him... that’s the
definition of them. The pastor asks another question: How’s witchcraft and the occult used in
every day?” Yah...the Enquirer magazine publication. I get Pentecostals and Charismatic’s upset
because I call kathryn kuhlman a witch. They want proof. the Enquirer... Anybody who has an article
done on faith healing and supernatural power in the Enquirer must appear in person before the
council of the grand druids. How many know about kuhlmanes article several years ago in the
enquirer? You don’t get in there without top approval from the board. Alright that settles it right
there as far as I’m concerned. I don’t know how that makes you feel. Next you got symbols. Ok
without going in for a long sermon on symbols Witches and Masons identify their earth ship of
things to the others by their symbol. how many... (tape is riddled with noise here and sounds like
someone has scrubbed over something) he continues, Witches must do these eight things to perfect
themselves... (interruption again). It’s 6000 years old. Two of them... One is drugs one is alcohol and
one is immoral sex. That’s three right there alright without even going on any further. That’s one
symbol. (maybe Jonnie was displaying objects). There’s symbols all over the place. (Jonnie then)
suddenly diverts again. The holy year to the illuminati is their birthday May first 1776 anybody
recognise that on a sign somewhere? Another beautiful one is... (referring to a pamphlet pass around
the church that evening) - (subject changes again all of a sudden and he begins talking about
something entirely different. Montgomery Ward’s and Moguls are one company. Moguls belongs to
a company that belongs to Standard Oil. Essoon and all of them it’s one of the... it’s probably 40% of
the (that) money(which) comes (from) to the illuminati... comes to that system off from that
company, so naturally those are going to be built up and protected more than others and what can I
tell you. I met a PR (public relations) man recently who told me he is the public relations man for the
new Star Wars sequel. (Undoubtedly, The Empire Strikes Back). He’s a homosexual. He told me there is
not one star that is that’s a major start in the new movie that has not gone to bed with homosexuals
and in order to get the part he also said the majority of them are being picked from the top occult
soap opera in the country. Does anybody have an idea of what that soap opera is? Its ‘Young and
Wrestles’. Reason? Brad for those of you who watch it. He’s a Christian who councils through
astrology. Now one of the new stars is Snapper the new doctor on the show that will be that will he
in Star Wars. The guy told me, instead of 45% of the thing being on the force, 99% will be about the
force... and for the guys who like country and western music and think there are safe because... it’s not
Rock (music). Tom C Hall has just brought out the best selling song, sold in a long time and is
called ‘The Force’ about good witchcraft battling bad witchcraft... (tape breaks again for another
question. “The question is about acupuncture”. Yeh, acupuncture it’s part of a mons system that
also developed kung fu and other things out of china. Ok ill classify it along with layer trail, there’s is
absolutely no scientific evidence that it... layer trails heal, but it (does) heals. When the people a... a
new study came out, that had been healed by cancer through layer trail were tested for physic
powers they all rated in the 75% range which is excellent. In other words their faith in the drug and
since Gods not using the drug to heal them their faith in the healing power is (what’s) healing them
Now who’s healing them? Right the devil, you didn’t know the devil can heal well I’m sorry he can’t

http://jamesjp.com/todd/Todd_2b.mp3
He'll just end up given you something worse along the line, but that is what's healing and it sweeping through the carra practic systems (haven't got a clue what this is someone pls spell and identify the correct term) especially a lot of them are using layer trail and there's no medical thing to heal you it's pure physic energy, if you were here this morning you'll know what psychic energy is. Another question asked that we don't hear is there a connection between carrapacter and the occult? (On reiterating the question back) not that I know of except the Mormons are now really infiltrating the carra practic system with the herbs healing. (Question asked: Any occult involvement with Hill?) Within five square miles of my area of where I live, that's where they dumping all the bodies. Louise Shoopner (that Grand Councillor women) lives within the same area. I don't know. I can't get any information at all so I don't know. You know there are holding things back... I doubt it but I will tell you what is involved the same spirit that was in Son of Sam, (that is David Richard Berkowitz the Son of Sam letter killer). The same spirit was in the trail?? back killer who said he killed 34 young boys after raping them so he could become the top mass murderer in the world and break the record in Euston. These are demons that are going to come in the next year. Do you think this is something? Wait until you pick up the newspaper every day and you read this new killer has struck your going have killers all over the place that are trying to break each other's records because you've got demons all over the place trying to break each other's records. Ok that's the best I can answer you, I don't know if it was occult, it maybe but since there's no report of blood loss I doubt it. (Question asked: Reflexology and Acupuncture, I have no idea. (Another question asked, about the fake state energy crises. I'll repeat that, he said the last time I was here I mentioned the schedule years and the council of the Rothschild's had for domination of the world that would be fulfilled within 11 years and he asked me if the that was fake. Can I add that word fake energy crises, had anything to do with it. What do you think started it? That's what's going to cause WWII, You've got to get out of the system of thinking this guy over here is a bad guy and this guy over here is a good guy you can't do that, it's not a football game. You can't pick the Rams over the Vikings (American Football Teams) you can't pick America over Russia you can't pick redoil? (a political figure at the time?) Over Repan (that being Ronald Reagan, the former US president). You can't do it you've got to look to the guy who's calling the streets, his name is Rothschild. Remember now redots?, being called the man of peace right now? So who wrote (to) him (him being redot, whoever he is) letters asking him to go to Israel? Jimmy Carter. (Another former US President) who set the whole thing up. Jimmy Carter...don't lose sight of it. He's been losing popularity. He's never had any popularity with me. They say he's losing popularity with the conservative christian that's because the ones who voted for him just because he was a christian have now learned he's not a christian. I heard a speech, how many heard his press conference in Hungary? You really should buy a short wave set*. I mean it, I really recommend it in my meeting. A Baptist over in Hungary...got up, who wrote for the Baptist press over there? Don't know what kind of Baptist he was... but he got up and praised Carter for being the Christian that uplifted the Christian standards in America. I don't know what paper he's reading and would he (the Hungarian man) please get the Catholics off his back in Hungary he told him (Jimmy Carter the US President at the time) 'sorry government and religion don't mix'. Why don't the practice it here? No he's going to lose popularity he's going to gain it but Carters the type of man that if he thought he was going to lose the election he would take this country by force and if you don't think the president of the Unites States can do it you better do some research he can overnight (take over the country) over night by picking up the telephone. He could place us up (under) martial law, suspend everything...He'll do it because...it's going to be the time... (Then Jonnie agrees with someone in the audience talking to someone in the audience) I agree with you, you better start praying. I hate the way Christians pray today now. (for instance) I lay me down a sleep type pray you know, five second(s) (and) you've done your duty for the day. I don't know what it is. I guess it's my habit in the occult. I had to spend hours meditating and reading everyday day. so why can't I do it for the Lord? You know...I mean the Christian churches wonder why the witches are walking all over them, because the witches pray life is stronger than the Christians pray life... (Someone asks another question, not audible Must be something about JFK). Well I try to leave it
alone because the man who... See I'm kind of at fault with this? The man who led him to the Lord was bribed out. He denies all this now. On one of the cheques trusts are huge parts of about 150 acres of land in Delarosa? Ohio. I arranged a bribes for one when I was in control. So I kind of leave it alone. I mentioned it because I didn’t want people to get any hope of the Kennedy assassination being solved in congress. You know but... anyway he was led to the Lord in Ebor city which is a linadable two words] city within Kansas by the help of the Mayer who had just been converted to Christianity and the minister who is now probably one of the biggest witches within Christianity bought and paid for, his names Leroy Jenkins, but back at the time he wasn’t, (interjection) (Tape then is muffled by a baby in the congregation screaming for attention or a second or two, then someone asks about the Salem Witch Trials. Yes... I’ll repeat all this he would like me to talk about Salem (as in the Salem Witch trials) and the inquisition and the masons, and there contact in the occult. I would love too, I think we’ll finish. That will take the rest of the evening. Ok how many have read or were taught history on Salem witchcraft in school? Sorry I’m going to disappoint you no witches were killed, Christians were (it were) the witches (that) did the executions and if you want to spend a few thousand extra dollars in a month like my wife and I did go to the Essex Museum in Salem. If you can trick your way into the library like we did, but you’re not supposed to be able to look at the original manuscripts. You’ll find out that the Collins and the Cutlers (occult families) and the others that were there were involved with the witchcraft and the main charge which never comes out in any of our history books, was that the people who were executed were all from another town (and) were holding bible studies in their homes teaching born again experiences and also accepting the book of revelations which was outlawed, but that didn’t come out in our history books but that were some of the main charges. The next thing that went on (was) the inquisition... was none of the big witches were ever killed most of the people that were killed weren’t witches because the witches sure use it against us. It’s like Salem now. They know in Salem no witches were killed but they use it against Christians. They also no in the inquisition that (there were some) witches there that they used (it) against us. The bad point is that, and I want to give this too you in case its ever thrown at you they used Jon Wesley against us. Before his salvation he was a paid for witch hunter in England and was responsible for thousands of deaths in England. That was before his salvation but they neglect to bring that up because they don’t believe in salvation. Now the good ones (facetiously referring to Masons) the Masons... for years now I’ve been talking to Jack Chick (Christian author/illustrator) that the masons were initiated just like witchcraft people and I guess it never really sunk through to his head. So I got the blackboard out and I drew him (a picture) and took him word for word, step for step (through) the initiation into witchcraft at the first level when you join the coven for the first time. Well that’s what the masons do (unknown word) that’s what I have been trying to tell (him) the vow of secrecy I had. Masons deny that there was a knife pointed at them when they were lead by the summoner to the challenger to the circle to be initiated but the knife is there just as it is in witchcraft. They are blindfolded. They are bound, just like in witchcraft. They are lead by the summoner to the challenger to the circle with a star, five points in it, with the alter. They are lead through the gates at the same point in at the exit of the circle. At the other point and it calling being reborn. The three only points that are different is we receive a new name and a sprinkled baptism a completely new name when we are initiated into witchcraft. We drop our robes so we are nude when we walk into the circle. We are re-robed because we are born again in the circle. That’s in chains now because the modern says we were saved the whole time. Just like the masons. The other is our wrists are cut, but they are doing away with that in witchcraft now. So the only difference between it now and between the Manson is the sprinkle baptism and they’ve given a new name the initiation word for word from the time you walk up to the circle to the time you leave it. Action for action it is the same as that, that I took, that my wife took, that anybody else took when we first joined witchcraft. It’s what a mason does when he joins. Now you know you tell me that the masons are Christians? The masons were formed as a Calvinistic organisation so that going under cover they could protect themselves from the persecution of witchcraft when witches were being persecuted and that’s how they were formed and that’s their right. Alistair Crawley? (Renown

occultist) some of you may know about, some of you may not. Left the Golden Dawns. Which is the 307
private coven of the Rothschild’s (and) formed his own group. He didn’t drop out of the illuminati 308
but he almost got himself killed, because he published two books called the ‘Order of the Golden 309
Dawn’. They (the Rothschilds) didn’t mind any of it accept he drew the temple of the Rothschild’s 310
personal coven. He drew all the banners on the wall where the altar was set up, that the people 311
were taught, everything and it just so happened that there was a book out on Mormonism at the 312
same time that had that had the very same picture in of a mason temple. That’s my statement on 313
masonry. (Another question unheard asked, possibly about Yoga). Almost all of it is financed over 314
mind control. Aloha mind control. A lot of the different leagues, the literacy leagues groups that are 315
involved in it besides meditation will lead to, if you go on into it particularly yoga (to transcendental 316
meditation and astral projectionand (and) other things. The problem with the meditation groups is 317
they give you they give you half truths in the beginning. It’s like in witchcraft, and then as you go 318
deeper and deeper all of a sudden there’s things they tell you that they did in the beginning that 319
they are now teaching you if you stay with it far enough... and I personally believe that one of the 320
best ways to fill yourself with up with demons is to go into meditation groups. Ok we’re running out 321
of time. (Tapes finish here after some farewells).
