Well this is the difference from when I was here a month or so ago. I’m surprised I guess I really should (thank God) night and day that somebody invented the cassette recorder. We get letters every week, ten, twenty, thirty letters (from) people that are have heard our tapes and our ministry and that it has done something for their lives. In places we’ve never been and people we’ll never see. So I was a little shocked tonight when so many people who had heard my testimony that had never met me. But then there was a lot of people that Paul left... he’s been gone a long time (John refers to some sheets telling people to take notes)... But I’ll start with the yellow sheet and I want you to write a scripture text across it. Revelation 18-23. At the bottom of the Scripture it says, ‘Thy merchants were the great men of the earth and for by their sorcerers* were all there nations deceived’, talking of Babylon. There’s no better scripture I know from the word of God to describe the illuminati. Which is what we’ll be talking about tonight and were going to start... Find the three pyramids... and take out the Sphinx. Now most people do not understand the illuminati. How many people have done any study on the illuminati before they heard of me? How many have done some since they heard my tapes? A couple, boy are the rest of you in for a surprise tonight. I don’t want people to listen to me and walk out of here and just accept the things I have. I kind of like it when people go out of here and say ‘boy he’s nuts’, because they go and try to research to prove that I’m wrong, and the more research the more they start believing me. It is impossible to research history and to research the conspiracy and research the illuminati without coming away a solid believer. As the brother who prepared these, brother Tom Berry said. He said he went through almost two thousand books for twenty sheets of note book paper filled with notes. That’s how well it was hidden. How many people have a set of encyclopaedias at home a good set? Go home tonight look up the word illuminate. In some of the encyclopaedias you will find that it existed but does not exist now, and in other encyclopaedias you will find it existed but still exists now but they don’t tell you anything about it. Before we go in to it I want to give you a reading list. Now I want to explain a book before I give its title and I want you to choose carefully as to whether you want it or not. I don’t want you later getting mad at me because I recommended it. It is not a Christian book, it is not a political book, it is an illuminati book. The book was ordered, written and produced by Phillip Rothschild. The leader of the illuminati in this day and age. It was ordered, written by a woman named Anne Rand* and she was at that time one of Phillip Rothschild’s mistresses. It was written some twelve years ago. She was already a well know author and her books sell nationwide. Mostly people who read them are communists and she wrote this book. It was supposed to be a novel. It’s 1100 pages so if you don’t like to read don’t buy it. And it was written as a novel suppose, but it is a code book and within the book is a ‘Step by Step’ plan to take over the whole world, by taken over the United States. Now I’m going to say a lot of things tonight that a lot of people will go out of here and say that I’m anti American. No I’m extremely pro American I couldn’t be that until I became a Christian. I’m extremely pro American. I’m just Anti Government that exist within America today. Because it is not the government of the people any longer and I’m pro people government. That’s a term that used by Communists a lot. I’m sorry if your upset that I used it, but that’s exactly what it say in the Constitution... Now the power of the illuminati, and I’ll give an explanation. The illuminati is as follows. First most people have found the illuminati in things that have crossed their path. People have found the illuminati in the occult and mistakenly they’ve said ‘ha-ha’ the illuminati is the ‘occult’. Then they have found it in the ‘Masons’ and they have said ‘ha-ha’ the illuminati is the ‘Masons’. Then they have it in politics and they’ve said, ‘Oh its Politics’ and they’ve found it in the ‘International Banking System’ or they’ve found it in ‘Zionism’. So they list it as just being that. Actually it’s all these things and much more. They’ve found it in the ‘Mormon Religion’ that’s
because the leaders of the Mormon religion are high Eshkilons in the illuminati. They've found it in the 'John Birch Society'. That's because the man that leads the 'John Birch Society' is both a high degree mason and a mormon. But it is all these things and its power is finance. If you take its finance away, which is impossible. Oh I'm sorry I forgot to tell you the name of the book I just realised that. I'm getting ahead of myself. The book is called 'Atlas Shrugged'. You know Atlas? You know Atlas supposed to hold up the world? And shrugged like you shrug your shoulders? Now this is the warning that goes with it. I will be talking about occult books tonight and how demons are in occult books and in their music and so on. This isn't so with this book. They didn't place a spell on this book. They didn't want to use people to buy this book, other than those told to buy it within the occult and within the illuminati. They are extremely mad because just this year alone they sold several millions of them, mostly to Christians and they don't like that. In fact they tried to stop printing it but people don't want to stop printing it they making so much money. The bad thing about it though is that since it is written as a novel it has some passages that I think might belong in 'Hustler' or other places. Maybe out of 1100 pages you might count five that are this way. You can tear them out and throw them away. They're stuck in there on purpose to stop Christians from reading the book. If you should get to a passage that is a little something you shouldn't read turn to the next page it will be over by then and then you can go on with the story. Now if you don't like to read skip the first 200 pages. The first 200 pages are exactly the same as the people in the world are. They are very boring. No actually there's a conspiracy from all walks of life, talking about this incident happening and that incident happening and you know it's very boring to the fact that it's to let you know it's a conspiracy that's planning instances. It's like reading the newspaper today you don't really know what's happening behind it. But after about the first two hundred pages, eight or nine chapters something like that, it starts showing you that everything that is happening is conspired to happen and I'm going to give all these things. I'm going to say something before I give the rest of the reading list. The common name for the illuminati is the conspiracy or the great conspiracy. Now until we lose the school system to people within the communist party and with the organisation of the illuminati and so on. You were taught in your history classes, and some people can remember this if they want to confess up to being that old that. History happens because someone conspired for it to happen. Then we didn't want in this nation to get ideas that maybe our government was a conspiracy so they decided to start teaching that it happened because it just happened, you know? WWII happened just because some people got mad. WWI happened because some people got mad. The depression happened because we bought too much too soon without enough money. They did not want anybody to get the idea that it all happened because someone conspired for it to happen. I hope to accomplish one thing tonight more than anything that I will change your attitude that I'll set new forms or patterns, whatever in your life. That you will walk out of here and when something happens, you'll go out of here and you'll go 'Now I wonder what their really up too...its real ok. We'll be talking about a few things tonight and we'll start with the yellow sheet. I want you to look at the yellow sheet. Under the First National Bank, write 'Federal Reserve Act'. The Federal Reserve Commission (FRB), or (FRA) whichever way you want to write it. You can abbreviate it or whatever you want to do. Now if you look at the pyramids, let's start with the one that says 'Organisation'. Now there's no way you can preach a sermon when I'm teaching like this. I'm going to play school teacher tonight. If some of you find it boring you happen to be in the wrong meeting, because you might as well think that your back at high school or going to college or whatever because that's about what it's going to be like tonight. I'm going to give a lot of facts. I'm going to try and leave enough time so that we can have some questions. There's no way I'm going to say all I'm going to

JOHN TODD: TAPE THREE. A Page.THREE

say tonight without leaving some people in confusion (he refers to the yellow sheet again). Start 91
with the one that says ‘organisation’. If you’ll notice on all the pyramids, the first three blocks are 92
exactly the same. Now if you heard my testimony you know that I came from the council of 13. Now 93
I want to stop and take about 3 mins to explain the doctrine of the high part of the occult. The first, 94
the last four levels of the occult or the last three levels of the occult. 4th, 5th and 6th level and most of 95
the modern cults today, particularly Mormonism believe the same thing. How many people ever saw 96
the movie called the ‘Dunwich horror’... I think Sandra Dee was the star of it or something. That 97
was probably one of the strongest movies truthfully about witchcraft and their beliefs that ever 98
existed. Now the original occult bible was called the Necronomicon there only three copies in 99
existence today. One is in Saint Petersborough Cathedral in (Russia) one is in Glasgow, and one is in 100
London. I saw when it was on, the one from London was in New York for a while. I got to see 101
it hold it and look at it, when I was in the occult. Now from that, ‘The Book of Shadows’ came into 102
existence. Several books have been written from the Necronomicon and are in Christian’s hands 103
today, and I hope that we’ll burn before it’s over. Now according to the Necronomicon the beginning 104
of the world happened, that man or mortals, (if you watch ‘bewitched’* you know the difference 105
between witches and mortals). That mortals or every day earth man and women and so on, kind of 106
descended from the apecs and so on and that at the beginning of this world the son of the creator of 107
all the dimensions and universe came from the dimension that the gods dwell in. They came here 108
(believe it all not by flying saucers) and that they mated with the people of this world and their 109
children were the witches. And this is actually found in the book of ‘Enoch’ which contains the book 110
of ‘Noah’ which contains all this garbage. Now according to it the ‘little people’ were the witches. 111
the fairies, the hobbits, the elves and so on and they were the dwellers of this world and then 112
through intermarriage they started becoming every day people. Now the son of lucifer was called 113
Adam. Now this is exactly, accept they don’t call him lucifer, that is in the Mormon bible and that 114
Adam being the father of this world and Eve (they also called Ashera, Dianna, Ises, Aphrodity many 115
names, Hector, Celine and in other words the mother of creation was his wife. Now according to this 116
doctrine the people that came to this world were the gods that lived on Olympus and other places of 117
high altitude and when the Rothschild’s back in about the 17th century or so... the gods started living 118
in the Rothschild’s. They had chosen them as the purist family in the occult belief and through the 119
Rothschild’s, making them gods not mortals and not witches but gods themselves. They created the 120
illuminati. Now I might throw in this and well discuss it later that (they believe) Adam is alive again 121
today and is ready to rule the world. With peace by the way what else? Now if you look at the 122
pyramid the capstone is free from the pyramid because the capstone is the Rothschild’s and they do 123
not consider them human. They consider them gods and the eye is the father god Lucifer. Now the 124
council of thirteen is right there because they are the Rothschild’s private ministers. The illuminati 125
functions as all of the pagan governments used to function, of Babylon, of Moab of Egypt of Greece 126
of Rome of Scotland of Ireland and so on all the pagan government functioned the same way. The 127
priest and priestesses of the temple told the rulers of the government like the pharaohs or the 128
Caesars whatever what to do because they were told by the gods what to do and the pharaohs 129
listened to them. Now in this case the gods are the Rothschild’s. So if while I’m speaking tonight and 130
if you’ve heard my testimony, (you ask) why can one man so young in witchcraft and so on tell 131
governor senators and sometimes even presidents what to do? It’s because they belong to the 132
illuminati and the illuminati is a pagan government that listens to them, because they don’t give the 133
orders they simply repeat the orders that was given to them by that capstone called the 134
Rothschild’s. Now we drew the three pyramids that make up the illuminati and you can study them 135

136 later but there’s one that I want to take before I go on to the yellow sheet...let’s take organisations
137 real quick. I want to read you something...and I know we have some Masons here, I’m going to get
138 you again. Now many of you know that I did a book for Chick Publications called ‘The Broken Cross?’
139 We’ve written another one, it will be out in about three months. You wouldn’t believe the threats
140 that have come over this book. It hits the mormons, it hits the occult, it hits the conspiracy and the
141 Rothschild’s. It hits the masons. Man I think they’re going to have to go into a bombproof shelter
142 instead of bullet proof windows over there. And it’s really brought the infiltrators within the
143 Christian church out into the public, and I’m going to read you a passage that came out of the book.
144 I’m going to read you a passage from one of the highest books written in masonic. It is a book that is
145 only suppose to be read by 33rd degree masons. For those of the 30th, 31st and 32nd, who’s lives prove
146 that they are not Christians. That they can hand this book too. We have a copy of it and we
147 photostacked? a copy and we have been showing it around the country. We have been getting
148 people out of the masons right, left. Of course we got a lot of masons mad at us too, but I’m not
149 going to do what I usually do and pick on these people tonight I’m just simply going to read from two
150 books of their books, and im going to let the masons draw their own conclusions. That what we
151 must say to the crowd is, we worship a god but it is a god that one adores without superstition to
152 you Soverign, Grand Inspectors, General, we say this, “You may repeat it to the brethren, the 32nd
153 31st and 30th degree. The Masonic religion should be by all of us initiates of the high degree
154 maintained in the purity of the lucifarian doctrine. If Lucifer were not god, Abbdon, (Abbdon was
155 found in revelations for you students of revelation as the keeper of the pit, the demon over all the
156 rest of the demons.) When Abbdon the god of the Christians who’s deeds proved his cruelty
157 profanity and hatred of man, barbarism and repulsion for science. When abbdon and his priests
158 comminate? him, yes lucifer is god. Thus the doctrine of satanism is a heresy and the true and pure
159 philosophical religion is the belief in Lucifer. The equal of Abbdon, Jesus Christ, but Lucifer god of
159 life god of good is struggling for humanity against Abbdon the god of darkness and evil. Their calling
160 Jesus Abbdon, their calling Lucifer everything we believe of Jesus and Jesus everything we believe
161 of the devil and that’s in one of their own books. Now if you’ll notice on any of these three blocks
162 you’ll notice the council of 33. The council of 33 is the following, within the masons there is the
163 32nd degree then there is the honorary 33rd and there is the the 33rd, I going to read you from the
164 ‘Lost Keys of Free Masonary, written by Manly T Hall a 33rd degree mason and co arthored by
165 another man 33rd degree and illustrated by a 32nd degree mason. All still all within the masons. This
166 was written in 1942. It’s a book for masons only. I’m going to read you the initiation to become a
167 member of the council of 33, the second highest council in the masons, I mean within the illuminati.
168 When the mason learns that the key to the warrior on the block is the proper application of the
169 dynamo of living power he has learned the creed of his craft. The seething energy of lucifer are in his
170 hands and before he may step onward and upward he must prove his ability to properly apply
171 energy. He must follow in the footsteps of his forefather Tubal Cain. Who with the mighty strength
172 of the war god hammered his sword into a ploughshare? Now when I was saved I complained
173...(corrects himself). When I was in the occult I complained at our council meetings because the 33rd
174 council had so much power and I felt it was unjust because I had proven myself so greatly to lucifer.
175 ...Witches are very proud people, and I complained that they didn’t do the same things. Now we
176 really didn’t know what the council of 33 did or what their rights were because we were occult and
177 they were masons. When I got saved and saw this I found out they did do the same things. The
178 ‘Warrior on the Block Right’...Remember I said they had to prove their ability to properly apply this
179 energy? The ‘Warrior on the Block Right’ is human sacrifice. They did do the same right. The very
180

leaders that lead the Masonic belief, remember they said of the high initiates. They laugh at the Blue Lodge and those below them because of what they really know and who they really worship. We had a man saved about two weeks ago … about 3 weeks ago now, from Jacksonville Florida. He was a 32nd degree mason. His father was a 33rd. His future father-in-law was a 33rd. His mother future-in-law and fiancée we all in the Eastern Star and he was ready to perform the warrior on the block when he was saved. He told us ‘can I come hide at your retreat my own parents will set me up to be killed’, because he had left the masons. Now that’s a 32nd degree Mason saying that. You think about it. Now you go with me to the back of that purple sheet were it says ‘Oragnisations’. The ‘Trilateral Council’ and the ‘Council of Foreign Affairs’. There’s two separate blocks there and it shouldn’t really be, you can leave it this way. The Trilateral Council is the brain centre of the Council of Foreign Relations. Most people do not know that America, without being an official member is a member of the European Common Market. The TLC is the American version of the European Common Market. Every man in the Council of Foreign Relations and everyone in the Trilateral Council believes that Lucifer is god supreme (and) has declared it. Taken a vow of secrecy and has dedicated his life to see that Adam gains the world. Our president is a member of the trilateral council. That is a well known fact for people who dig into politics. So don’t anybody please tell me how great a Christian he is (Ronnie refers to a yellow sheet again telling people to look at the Sphinx). I’m going to give you the rest of that reading list. I haven’t forgotten, just bare with me. When start studying ‘Atlas Shrugged’, (the book was written as I said twelve years ago …), you will find out that you are reading the front pages of the newspapers today. The oil shortage that doesn’t exist? They say that they destroy their own oil wells, that they hide their own oil, so nobody can have it, they state how they destroy the coal mines and shut the coal mines down to shut the electricity down*. They state how they cripple the country and no food is grown. It states, how they pick and derail trains and so that no trains go. It states how they seek and pirate thousands of ships every year. We just recently heard a report by the coast guard down in Florida. How they’re asking people not to sail out or sail a craft in the Bermuda triangle area, not because they believe in the Bermuda triangle but because over one thousand ships were pirated last year and everybody on board was killed and dumped in the ocean. Now they don’t like to put that on the front pages. You see that might cause some people to wonder about this thing, and this is all in this book that was written twelve years ago. And in the book they gain control of the world by bankrupting their own businesses. The Illuminati owns most…. I’d say ninety and nine tenths of the stores you walk into and the gas stations you go too… and they are going to destroy them on purpose. They are in the process of buying up in the last few years all the stores they don’t own. They bought up Grants*. They bankrupt it. They just bought up two guys and you can wait for them to go out of business. They (will) keep in business the ones they’ve always owned and they’re going to bankrupt them before long and cripple them and destroy them. The idea of taking over is to bankrupt the whole world, where nothing is of any value and currency does not exist anyway and then come back and solve all the problems. I heard the Gakers? which are my favourite group recently play on a record in live concert. The guy was talking about the energy crises. He says ‘It’s funny it doesn’t matter whether it’s Republicans or Democrats. They get elected; they cause us problems and then solve them so it looks like they are doing something’. Now that’s about the way it really is, and in the book. In Atlas Shrugged (it) ends with the hero John Galt, which is really Phillip Rothschild lifting his hand up in the air and drawing the symbol of his organisation. (never says illuminati in the book) in the air and says ‘We shall follow this symbol back’, and the symbol that he draws is that. It’s the dollar sign. Now the dollar sign is only used in America by the way, nowhere else to represent money. It’s almost 8000 yrs old or

http://jamesjpn.com/todd/Todd_3a.mp3
13/09/2012 22:30
probably older, it goes back... you'll find it in the pyramids, and it means to scourg or to punish and

through punishment to purify and make right that's what it means. Funny that's what we symbolise

our money (with). Now the Rothschild's lead the Illuminati and in every country they have a family

with the head of that family being the head of the Illuminati. In the United States with have the

Rockefellers. David Rockefeller is the head of both the Council of Foreign Relations or the Trilateral

administration or Council which is the name of the Illuminati within the United States. (Jonnie then

refers to the yellow sheet again saying the main blocks/drawing on it, concern America)... and the

main source of finance for the Illuminati in the whole world but in particularly the United States is

the Standard Oil Company. Now I'm going to educate you about something tonight, that the

Illuminati would hope nobody would ever find out about because you can check out who owns

Standard Oil. That's David Rockefeller. He's the owner of Standard Oil. Now when we were in the

Illuminati we had to learn the hieroglyphics of the Illuminati and we had to go and shop at the stores

that the Illuminati marked themselves, marked their stores by. Of course they own almost

everything but there main business they mark and Standard Oil is the conglomerate that owns

almost everything. I'm going to tell you the thing they own you aren't going to believe what they

own it's that astonishing. If I asked most people today besides Standard Oil. In fact I'm going too.

What would you say is the number one conglomerate within the United States? Anybody tell me

owns General Motors. They own Ford, they own American Motors, they own Cristler?. Now you'll

see Federal Department Stores down here. Federal Department Store is Seers, and a man very close,

very powerful in the Illuminati that doesn't live too far from here that owns all the Federal

Department Stores, lives in Columbus. His name is Lazarus. Now Lazarus owns Federal Department

Stores, Federal Department Stores owns Gold Circle. They own Cressskies*? which owns Kmart. They

own just about every department store in the United States. Glow, ontarios? and so on. They own

Woolworths which owns Wilkos, but Standard owns Mogul and Mogul owns Montgomery Ward’s.

You get the message. Now you can find out what Standard owns because they mark their

symbols... signs with Blue and Red. Everything they own. That's also in all of their oil companies.

(They) mark their oil companies with occult symbols. The main symbol is a sign of their god, the five

pointed star. Now the strongest version I've ever seen of it was a five pointed star radiating rainbow

colours because they know that lucifer is the god of the rainbow as they put it, and if you read

Ezekiel 28 you’ll find out he is. He does kind of radiate like a rainbow. He’s covered with different

colours jewels and so on, and this thing the snorkel with the arrow through it, because that's the

sign of casting a spell. The arrow they use 76 because May first 1776 is the birthday of the Illuminati.

They use the sign of what witches practice in this Magic Circle when they write Mogul? They write

everything in blue but they leave the circle in red most people don’t even notice that, there's a

difference. The Winged Horse in Marathon is ‘Pegasus’ (the) messenger of the gods. It goes on and

on. Holiday Inn, is the star with the rainbows and you just go on and on the age old path of what a

witch must master to become a powerful witch is the symbol of Demes?? ...That’s owned by them. I

see that they’ve got Seers separate from Federal Department Stores they really shouldn’t. Shell Oil

was the last Oil Company to go and Queen Julienne? which is a member of the 500 here and her

husband Prince Brighten? and Phillip Rothschild own 90 percent of Shell Oil. Gaul doesn’t bear an

occult sign because it is owned by British products. But British product’s is owned by the illuminati.

Farzios? Is owned by the mafia which is controlled by the illuminati. I don’t know why Union 76 is

separate because it’s a member of Standard Oil. But this will give you an idea, and First National

Bank is doing a new thing now (its) putting out thirteen circles on their building with all the emblems.

Tape3APageSIX.psd
of the illuminati on it. I guess they want lots of power. They’ve used the thirteen plus the eye and
plus... oh different things and so on. Chase Manhattan Bank and Bank America are both owned by
the Rockefellers. First National is owned by the Dows and the DuPont’s and the Kennedys. The
Federal Reserve Act. Most people think is a section of the Unites States Government. It is not. The
Federal Reserve Act is a stock holder owned company. It illegal, it’s against the constitution of the
United States, but nobody dares oppose it. Now what most people don’t realise is that the
Constitution of Congress will set a rate and wages against the values of our dollar. But the Federal
Reserve does that (now). The Federal Reserve Act was pushed through by Woodrow Wilson? The
first illuminati president since Thomas Jefferson. And he was smart. He adjourned everybody to go
home for the Christmas holidays and kept fifty five congressmen and senators back who belonged to
the illuminati. This is back before they ran congress and before everybody could get back home
adjourned congress and they passed the Federal Reserve Act. You see now they do it a different
way, they own everybody. Now I want to say a couple more things then were going to go into
something here. On those signs then, where going to take questions (Jonnie refers to a blue sheet)
mentioning points from the illuminati plan for world take over) 1: Democratic president get us ? and
inactive?? There talking about J.C (Jimmy Carter) The first law that the illuminati has that they have
not passed yet is the number one law they want passed. It is called the Deed Gun Act. It’s penned by
Isaac Bonavick? which you’ll find on the council of thirteen list there. But it’s supposed to really be
tenned by Martin Dees? who lead Jimmy Carters campaign. And is head of the National Hand Gun
Control Centre in Atlanta Georgia. Now most people do not know how important it is that we not
lose our constitutional right to own a gun. The illuminati will never be able to start ‘Helter Skelter.’
(which is on this thing you can read about it later) unless they can convince the people that they are
going to have to go from door to door fighting their way down the street as they burn and kill
and rape and kill and everything else. So they have promised them, they’ll be nothing existing in the
form of guns in anybody’s hands within the next year and a half. Now I think that’s where the
illuminati is going to have a little problem. They had counted on passing the same law in
Massachusetts as a test law and it lost. The law would have gave the National Guard the right to
come into your home and the State Police without a search warrant and search for your guns and
confiscate and arrest you if you didn’t turned them in within 60 days of the passing of the law. They
thought since Massachusetts was the strongest ‘Anti Gun State within the nation since Ted Kennedy
supposably wrote the bill himself it would get passed, boy were they in for a shock. It lost by a land
slide almost three to one, and that is a growing fear, (within the illuminate) that, that same law
would not be passed in the Unites States. Now the other laws ‘Remove Tax Exemption from
Churches House Bill 41. I spoke of when I was here before. By the way did they pass that bill here
jonnie speaks to the audience). That’s the one you were fighting 1441 did they pass it?, they did
pass it? It was about tax or something here. It didn’t come for vote? Now 41, I understand has been
passed by now at least by my information of what I can gather, and it is supposed to poll the tax
exemption from churches not belonging to the World Council of Churches or not having
memberships of 500 and then it says ‘You should go to court and prove that you are tax deductible’
and you’ll spend a couple of million dollars in court so it’s not worth battling. Then those that keep
their status all except those belonging to the World Council, of Churches, the National Council of
Church Denominations (which leads out Independent Baptists by the way), all except them, no other
exemption. You will have your name your address your phone number printed in every post office in
the United States. Plus you may have an IRS on it without any reason just because your gave the gift
to the thing? This is what the bills about. The next is the Genocide Act. Now this law was defeated
eight years ago and it’s up for vote again in about three to four weeks. Now it will send you to
Federal Penitentiary if you convert somebody from the faith that they were born into. I don’t mean
‘born again’ into. It’s a copy of a law in Egypt, that you must leave everybody alone to your own
faith. That means if you convert a Mormon, a Catholic a Sothern Baptist something like this. If you
convert someone from another faith even if there over twenty one their parents may press charges
against you and have you indicted not for conversion of somebody, catch this, for genocide and
you’ll stand trial. Not for some misdemeanour but for murder. That’s right and that one is being
pushed through. The next is the Presidential Martial Law Act. It’s called the Martial Law Act. It’s
already been passed last November, signed inactive in Law*. Now I want to say something if you
haven’t heard about these. That’s because you typically do something that the illuminati counts
upon. Now people I’m going to try change your life with this. When Congress is arguing over
something about a law that they’re going to pass or something they want to do or somebody they
want to fire. Start digging and find out what they are really doing, that you’re not hearing on the
television. The only time congress or the government argues or does publicity about anything they
are doing is when they don’t want you to know what else they are doing Its a smoke screen when
they fired the guy, I can’t think of his name now. (who) was on President Carters Committee and so
on. When they fired him, they passed the Martial Law Act when you weren’t looking. Right now
they passed House Bill 41 and there trying to pass the Genocide Act without you knowing about it.
While they argue over the Paramour Canal. Now where never going to get the Paramour Canal up
even if we get the law passed, because we’re supposed to get it up in the year (2000) and all the
people in politics believe we’ll have a world government by the year 1980. So they don’t believe the
Paramour Canal is going to exist anymore, that it’s going to be blown off the face of the map in a
World War about the year 1980. So they don’t care what they do (or what) they are arguing over...
They could pass it right now if they wanted too. There arguing over it and gaining as much publicity
as possible so you’ll won’t know about the other laws they are trying to pass. So when you hear
something big explode like the upcoming trials of the Congressmen and so on and the Korean thing
That’s probably about the time that they’ll probably pass the Anti 40 Act and finish up the Genocide
Act. The Anti ‘40 Act’ forbids you to own more than one month’s food or one month’s fuel supply on
the penalty on one year and 5000 dollar fines. One year in Federal Penitentiary. Now I want you to
go home and ask yourself why our government, (were not starving yet), we will be before long but
not yet. Why they want to pass the law for forbidding you to have more than one month’s food
supply in your home. Why you are not allowed to stock pile food. Where not in World War II where
you needed to have to do this, where now. There’s a reason for it, those are the major laws that
they are trying to pass. Now I got all that stuff out of the way now I’ll play school teacher...(Tape
should end here as it goes back to earlier on briefly for a few seconds then stops.)
