mysterious had happened the guy who was running one of our occult stores had an over dose that 
night and the cashiers were banging on my apartment door telling me to let them in or get 
something done and I came down and let them in, and just as I was leaving he walked in. Now I knew 
he was a Baptist the moment he walked up. He was carrying this big black ‘Thompsons Chain 
Reference’ now that’s the way they go around in southern Texas. They believe in showing the sword 
as one Baptist preacher told me if I can’t cut them with it I’ll beat them over the head with it, but he 
came in he said “I’m looking for Lance Collins” I said...and I go “Owe boy”. I said “I’m lance Collins”, 
but don’t you start preaching at me I don’t want to hear it I’ve got the light, you’re in darkness and 
you don’t know where you’re at”. He started preaching at me an I started cursing at him. After 
about five minutes of this screaming and howling on my part and preaching on his part he stopped 
and he said. “Ok I said I’m you going to quit now.” I said “You’re going to leave?” he said “No I’m 
going to take the authority over the devil in you and I order the demon in you to be silent and I 
started cursing and when he said that and I shut up like that. I had myself convinced that boy he’s 
that weird I want to hear what he’s saying but I couldn’t say anything I just (stood) there 
dumbfounded because he had taken the authority in the real power in Lance Collins. The person that 
did this thing was a shell and the directing force in him was the demon of the devil. Now that’s the 
difference between Christians, we need to get a few possessed by the ‘Spirit of God’. Now when 
Jesus is so Lord of their life their a shell and the directing force in their life is Jesus Christ, I sat there 
and I listened to the man as he pleaded the blood of Jesus Christ over me and he said “I command in 
the name of Jesus... I command in the name of Jesus that the devil never give you one more benefit 
till you come to grips with the Gospel of our Lord Jesus Christ and that includes his drugs that he’s 
given you and he turned around picked up his bible and left. I’m standing there ‘huh anybody knows 
the devils a bogle man the Christians created. You see witches don’t believe in the devil, just the 
Satanists. There’s a difference between witches and Satanism, and I walked on upstairs very shaken 
trying to kid myself that guy was crazy the whole time. Like your trying to do with me right now and I 
picked up my needle got it all warmed up and stuff gave myself another fix and used up the last of 
the crystals that I had because I’d sent everything off the night before, because I had a huge 
shipment coming in that night across the border. No reason to worry, those drugs would keep me 
going and most of the witches in the Unites States for the next six months once it was cut put on the 
street. Not to worry about it, ‘I ordered the drugs not to come to you’. I mean we had the border 
patrol paid off. Now that was a lot of ‘ship’ but we could afford it. Everything was set up nothing 
could go wrong, accept that there was some illegal aliens going to cross the border that night and 
the border patrol that we’d paid off were removed for a stake out and a reservist (unit) was put on. 
When this big car pulled up, and the idiot that was driving it just sat three big cartons of the white 
powder on the back of the seat in plain sight pulls up to the border and the guy pulls out his gun and 
arrests him. I mean what would you do? And there went the drugs. The phone went about midnight. 
I was told this and after getting calmed down about it. It started hitting me ‘hey I haven’t got 
anything here’, so all night long I was calling around trying to find drugs and finally I worked the 
phone calls up to the State of Ohio. They said yeah no problem we can get you some back down 
from the same stuff you sent up here. It would be back down in your hands Tuesday Morning. I was 
doing three fixes a day. Tuesday morning was a few days away that was just a little too long for me, 
but as Monday night came around I was so far into withdrawal I thought I was actually dead but 
I couldn’t die. And I got in my car about Ten O’clock, tried to drive my car out of the parking lot to go 
find something to calm me down. I wrecked the car trying to get it out of the parking lot. I just 
walked off, locked the car. (I was) walking down the street, came upon a movie theatre the movie

been the first time witches had cast spells on judges and juries to make them vote a certain way. So I
sent word out to a prisoner being released to call my foster mother in Los Angeles. I asked him to
have her get a bunch of the big witches in together and cast spells on the three judges that were
going to finish giving the verdict... Make them think I was a good guy, that it was all a mistake and the
officers were probably the bad guys and let me go. Now that’s what I thought would happen but
after three days later, after the phone call the cell door opened. The next day I was to get the
verdict and my cell door opened and I walked out they called me out into the corridor. There stood
two men I had never seen before. I found out quickly that one of them was named Senator Saxby*
and the other was named Congressman Wiley**. Now Saxby as you know later became our Attorney
General. He was the man responsible for keeping law and order in the United States and he just was
breaking the law because he handed me an honourable discharge with a couple of generals standing
there with him and the honourable discharge reads ‘Honourable Discharge’. It didn’t explain what I
was going to do with the rest of my six years of service and it doesn’t say why I’m getting out. It just
says ‘Honourable Discharge’, just like anybody else who would have completed all of their service.
They further told me that my court martial records have been shredded but as far as the military was
cconcerned the court martial never took place and that I had nothing to worry about because all the
testimonies had been shredded and that the people who testified had been ordered to forget the
whole thing and that many of them at that moment were receiving orders to go to Vietnam and at
the same time I was told not to worry about it and that my military record would be destroyed later
It was interesting that when the fire swept through the record centre at St Louis only the Korean and
World War II records were supposed to have been destroyed but mine was Vietnam records and mine
were destroyed in the fire. So anyway I flew back on a military plane at Fort Dick. Got everything
together and went home to Ohio and arrive very confused... I had two mothers, a mother and a foster mother and I arrived at my mother’s home and I said ‘Look you’ve been in this, you’ve been in
this witchcraft thing a long time what type of spell makes senators and generals do what we want?’
She said you don’t understand do you? It wasn’t a spell, their with us. She handed me an envelope
and said “This is for you”. I opened it was 2000 dollars in 100 dollar bills and a first class plane ticket
to New York City. I said “What’s this for?” She said you make a phone call you get the next plane out
of here and I’ll make a phone call, tell them that your coming, they’ll meet you at the airport. I said
who are you going to call that’s going to meet me at the airport? She said you’ll know when you get
there. Now witches are very curious people, that’s why they always get in trouble. I just couldn’t
wait to find out who was going to meet me at the airport. I mean I had 2000 dollars I could catch the
best plane in the world back if I didn’t like it, besides 2000 dollars that was a lot of money. I had to
find out who could (flash) this type of money around. So I got on the plane flew there, got off the
plane and a man who’s books I’d studied for a long time walked up and met me. He was head of the
anthropology department at Columbia University. (at that time he isn’t now) He’s the president of
his own witchcraft Bible College in new Hampshire his name is Dr Raymond Bucklin** Handpicked by
Phillip Rothschild to lead the illuminati for him. When I arrived there I got off the plane Dr Bucklin
took me too his home. In the next few months he literally tore down everything I’d been taught in
witchcraft that it was all just the stuff we told the lower people, much like the Masons. The higher
Masons believe one way, the lower masons believe something else, but the lower Masons think the
higher Masons believe like them. In fact the higher witches have made a statement that was also
made many times in the Masonic books that the lower people are sheep to be sheared in their
ignorance, but that’s how they think of the lower witches, (if we have any here today) and there was
one thing that I did learn very quickly (it) was that witchcraft wasn’t just witchcraft, that it had a

your don't have them in a Christian school I suggest you get them in a Christian school... real quick.

My wife is not here today because tomorrow is the opening day of our rehabilitation centre morning. Some of the people from church I had just called and they had just now, (finished) were

gonna have to miss Sunday school because they are so sleepy. They've been up for 24 hrs moving

and getting the centre ready. So it will be ready tomorrow. But her testimony is that two people

started her in witchcraft, her Pastor and her Drama Teacher in Junior High School. So that will give

you kind of an idea of what the occult is like. She was inducted when she was a freshman? in school.

She wasn't born into a family but when I was raised you had to be a witch to be raised in witchcraft.

They started changing it because they wanted the numbers* Now at eighteen I was initiated a high

priest. When I was fourteen, (I was initiated a priest). That made me draft exempt from military

service because all of the brotherhoods of witchcraft and the Satanic brotherhood of America which

is the Satanist Church are federal recognised churches. It might interest you to know that some of

your tax money pays for a Chaplin in every federal prison in the United States, a Chaplin of the

witchcraft church. They have an alter and a service every Sunday for the all the witches in the

federal prisons and your taxes pay for the Chaplin and all the instruments that he uses during the

service. Nice to know huh?... In fact they got started at Colson? and San Quinton? were the first two

priests to do it and Colson is a state prison so your state taxes are going to it too. That was Jerry

Browns* idea. You might consider that when you vote for him next time... Now they are not

publishing that when they say it on the television commercials when they say all he's done, have

they? Anyway at eighteen I was initiated a high priest but at nineteen I decided that the military

needed us, they needed witchcraft whether they knew it or not. We where their answer to the

world’s problems. So I decided I was going to enlist and I wrote around the country to all the other

high priests and priestesses that I knew and I suggested the idea too them. They thought it was a

good idea. So we all ran off and enlisted in the service and went in, I couldn’t do anything half way

,witches have a tendency of never doing anything half way. I guess that’s why I don’t do anything

half way as a Christian now. So if I say something and you think that’s too strong for a Christian you

got to understand that I came out of a thing where I didn’t hold anything back for the devil and I’m

sure not going to hold anything back for the Lord. But I went in enlisted in the Special Forces (I) went

to Vietnam. Came back came back medically wounded. In fact for a while I didn’t think I was going to

live and if I was going to live I was going to lose my eyes and this leg but I came through the

situation. I really feel the Lord had his hand on me at that time, and I re enlisted when my time was

up and went back into the service immediately without even getting the discharge and the same

minute taken the oath to go back in and (I) went to Germany. When I arrived in Germany I had six

years. I just re enlisted for I took one month of leave and I spent a month in Germany. One night

while drinking in the month of June 1970 I was drinking quite heavily and taken drugs. I got into an

argument with an officer in downtown Stuttgart and I shot and killed the officer. Now the army does

not appreciate its Seagants shooting officers they have a way of dealing with that and they locked

me quickly up in solitary confinement. Started court martial proceedings and lebonworth was

looking like my next home for good. Now until this time witchcraft was a religion to me that’s all it

was. I knew there were several brotherhoods. They were big witches but they couldn’t have been

actually any bigger than I was because I was 3rd level and that’s as high as you can go and everybody

knew that your power was...you were a god in yourself because of you ESP and Psychic Powers, but

they were pagan gods that we worshiped. Also multi gods but that was all there was until this

moment, and I decided that I needed some help. I knew that witches were very powerful. It hadn’t
theatre was called the ‘Ash Deck Theatre’. I walked into the theatre paid my money, walked in sat
down about three rows back. (I was) goner get my mind right into the movie you know like you do
when your wife’s screaming at you and you turn on ‘Starkey and Hutch’. You know something like
that or when the wife turns on the soap operas to get rid of all the kids and the worries of the bills
and stuff. I sat there and watched the movie and the weirdest thing happened. This idiot came out
waving this bible all over the place, flash bulbs were popping. The movie was called ‘The Cross and
The Switchblade’ and I sat there. At first I was really mad I said to myself ‘I’ve wasted all that
money’. I said (to myself) ‘Well I’ve got no place to go I may as well sit here’ and I got intrigued with
the part of Nikki Cruz, and I must have made everyone in that movie theatre mad because I really
got intrigued with Nikki. He was my type of guy, you know? And Dave Wilkerson would go around
witnessing to him and I would say ‘Get away from him preacher leave him alone don’t you dumb
Christian don’t you know he knows more than you do?’ but the ushers wouldn’t touch me because
they knew who I was, (they) just wouldn’t you know have anything to do (with me)... I’m sure
everybody ran out and said ‘Get him out of here!’ and they said “Not me”, but I sat there and went
through the movie. Then something that changed my whole life took place, Nikki Cruz got saved but
that’s alright. I mean the masons talked about being ‘born again’ and the witches talked about ‘being
born again’. I guess the Christians can talk about being born again, but something that took place
that didn’t in the other two incidences happened with Nickki. He’d changed. Now listen to me. (and I
guess I’m old stick in the mud and something, my heroes are Charles Finney and Billy Sunday and
people like that). We need a few heroes in the world today and I believe like they believe that if you
give your heart to the Lord and your truly born again it’s not because you say you’re born again
because you walked up front. It’s because there is a distinct turn around, change in your life. You’re
not the same person that walked down the aisle and if you aren’t, when the alter call is given today
you might consider given it again. I don’t want to take your salvation away from you but I don’t want
to give you false hope either. The judgements too close and too important and I believe that when
you give your heart to the Lord and you repent you are a different creature you’re not the same
person. Nikki Cruz changed. In that picture and according to astrology and as I told people last night
at a youth rally, there’s three things required to cast a spell, herbs, jewellery and talismans which
we’ll talk about in a minute and astrology. (and you can’t cast spells without astrology, that’s why
astrology was invented) and according to the doctrine of astrology you’re a set sign, a set
personality. You were born that way you were destined that way and nothing you are going to do is
going to change your personality, accept Nikki’s changed and as the movie ended and I got up and
walked out of there. It just had destroyed every doctrine that I had ever learned. I walked out of
there and I said ‘Boy these Christians are weird’. I tried to convince myself that it couldn’t have really
taken place because I’d never seen any Christians that acted like Christians accept the guy who
walked in and I couldn’t get him out of my mind either. I walked out and I was about to meet my
third Christian he walked in and said...I talked to him later he didn’t know who I was he just felt
directed to do it... (He) walked up and he handed me a track, I was the only one he handed one
too...He didn’t say anything, he just said “Here this is especially for you, turned around and walked
off. That was the end of it. It was special for me too it was called ‘Bewitched’. (He) couldn’t have
handed me a better one. I went looking through it I’d say 90% at that time struck me as being real
but I discarded it because it said that the devil was real and I just couldn’t believe the devil was real.
So I threw the track away and I went on back. Started going to my apartment decided to go to one of
our nightclubs instead called, ‘Club Aquarius’. I mean what else would you call a witchcraft club? You
know ‘Club Aquarius’. (I) walked in, the back, locked the manager’s office and sat down by myself. I
PASTOR INTRODUCES JONNIE . Alright, I understand that many parents from the school here have been calling the principle about what all took place the other night...I'm sure that teenagers can tell it one way different than it happened, but the reports seem to very good. I'm glad that I did what was able. The testimony that I gave that other day that touched a teenagers heart. I'm sorry that I won't be here for the fun on Tuesday. Which is destroying the records. I got kind of a little Tonka? blast last night. I got to break a bunch of kids’ records. Now that may seem kind of strange for you ‘What kind of nut gets thrills from breaking up kids records? The same kind of nut that gets a thrill from burning J.R Tolkien books and breaking up Ouija boards. But I came out of a world which I will explain about in a few minutes. Where these aren’t innocent little things and whether they be in the Christian world or the witchcraft world they are still not innocent. They are very dangerous and they are carefully laid traps to entrap people that the occult has spent millions and millions of dollars to devise. Before I give my testimony I want to say something real quick. Most people have kind of a elusive idea of what the occult world is, and they miss the whole point of the occult world. It is not just something where witches get together (and they are real creatures or whatever called witches around). It is not a place where people get together and hold Séances and smoke tables all the time and so on. The occult world is a very political and financial world, where some of the most influential people in the world today believe that lucifer is god and the only answer to the world’s problems, and they trust the people in witchcraft to be their ministers and they are just members of the church. I'm going to be talking about an organisation called the illuminati today. I may as well get that organisation out of the way now. There are many people who have discovered the illuminati in different phases of life across the United States. My Pastor first discovered them Doctor Rath Euston when he dealt with the Masonic lodges. Other people have discovered them in the form of the Catholic Church and in the occult world and in the political world and international banking systems and many other type of conspiracy’s that existed. And when they discovered it, without knowing any more about it they thought that’s exactly what the illuminati was, and they ran off and wrote a book on the illuminati saying this is where it was at. When I came out of witchcraft I had dealt with the illuminati enough to know that witchcraft wasn’t the total illuminati. Witchcraft and the Satanist Church and the Spiritualist Church when they are combined together in higher levels, (in lower levels they are all scattered here and there) they resemble much like the Christian Church. They are always arguing amongst themselves but in higher levels they are one and the ministers in higher levels are like the pastor here. He’s the pastor and you’re the congregation, your suppose to be Christians most of you are but you are also Mechanics, Construction, White Collar Businessmen and so on...Well in the illuminati it is the same way. They are bankers, they are politicians, they are ministers and so on, but their ministers are in higher levels of witchcraft. I was born into a family that helped create the illuminati the ‘Collins family’ they were selected ...oh close to a hundred years before (over a hundred years actually before the illuminati became per say the illuminati) they brought witchcraft to the United States. Many of the people that they chose to be their ministers are very famous in the early revolutionary history of America. I mention names across the United States and people say ‘Oh no those were God fearing men’. Then I start quoting from newspapers in Boston and reports around the revolutionary times where this man was caught doing this and this man was caught doing that and all of a sudden they don’t look so much like, (christians). Some of our most important legendary figures that helped our country birthed were arrested at one time for human sacrifice and the charges were dismissed. They had the body, everything the building they were in doing the right in one night caught fire, a bunch of people perished and they got arrested and so on, and they kind of got out of the charge. You know how it is with important figures (still had...
your one dollar bill, the capstone and the pyramid with the eye in the capstone. (He?) opened the
letters and both of them were instructions to give this cheque to this person or tell this Politian to
get this bill passed or do something or other. The last two were totally different from anything we’d
seen. They were in Phillip Rothschild’s own handwriting. Now according to the doctrine of ‘Wicca’ of
‘Pagan movement’ if you are going to write something that is religious something from the gods it
must be written in your own handwriting with a dipped pen and both these letters were. The first
one was thirty pages long. It was a step by step chart for the taking over of the world. As strange as
that may seem to you, it was there in black and white an eight year plan and it closed with ‘lucifer’
will give us the world at the end of the year that begins at the start of the end of the Age of
Aquarius’. In plain old fashioned talk that’s December 1980. Now after all this and by the way I’ve
been watching that plan very carefully over the years... their right on schedule. In fact they are a
little ahead of schedule and then one more letter came out. The sixth letter. I guess that’s why they
gone and labelled it number six, talks about Adam. All the witches went into a hooting and a howling
and started praising Lucifer and so on and so forth. I just kind of sat back in shock because it said ‘we
have found Adam and Adam will lead us in peace.’ In Christian terms brothers and sisters they’d
found the antichrist. Phillip Rothschild said ‘we will spend every dollar we have... which is most all
the dollars in the world, we will course as many wars and we will destroy as many governments as it
takes to put him on the throne of peace so that his father can return in the age of Aquarius.’ Now
that’s when it was time to get out ...I don’t know about you (but) about that time but I wanted out.
Now these people were serious, I didn’t really think they could do it. I’ve been there all this time on
their top council and I just didn’t realise. I thought they were joking the whole time that it was just a
game so they could spent money...but you can’t get out. Other people have tried to get out but it’s
just impossible to get out. The next month I went through a total depression, stayed on drugs. I was
doing 150 dollars a day worth of crystal. One guy I was talking to , one of my brothers yesterday and
I showed him the scars in my arms from the needle marks that have never went away and (I was)
just down to about 149 pounds, just existing and in kind of a state of paranoid. Which the drugs
produced anyway and slowly I just kind of gave up I said ‘Well it won’t be long they’ll just get
dissatisfied with me or I’ll take an over dose some night or something will happen and that will be it,
get away from all these crazy people. I’ll come back in another life and start all over again when it’s
more sensible. The only problem was the Lord had other plans. It wasn’t a problem accept to the
devil. I’m glad he did because a Baptist minister in town had found his daughter an initiated witch.
That’s when his teaching at bairer? University didn’t work anymore, that witches were fable. He
started praying and reading the word of God and found out that all through the old and new
testament witches existed. He found out that in Babylon that was the religion that he found out, he
found out in Revelation it would be their religion again. He found that in the 16th chapter of acts 16-
17-18-19 that the power over witchcraft was the ordering of demons in the name of Jesus out of a
person and that we had the victory through the full armour of God of over the devil, and slowly (at
first) he believed in witches then got afraid of them. Then he realised being afraid of a witch is being
afraid of the devil and that was ridiculous. So he came looking, and prayed and fasting for the head
witches around the area and I was very well known in the area as being involved in witchcraft, and
he prayed ‘God let my path cross his’. Now my occult name was the name that I was sprinkle
baptised, (that’s where you get your sprinkle baptism from). My name I was sprinkled baptised with
was ‘Lance Collins’. When I was initiated a priest they sprinkle baptised me and made me a new
person supposable. I walked out of there lance Collins from the initiation so thats the name... Then I
attached my family’s name of Collins on, so he went looking for lance Collins. Then something

goal and that goal was return ‘Adam’ or ‘The Son of god’ to the earth to create peace, so that his
father Lucifer could return to the earth. Now that was the gospel of the witches and that was their
purpose and that’s what the illuminati meant, ‘The Light Bearers’ to bear the torch for Lucifer. We
learned all this. We learned all the things that politics had done so far that the illuminati had done in
politics what it had done in finance and what their plans were for the immediate future. Then I was
taken up to Colorado and place into an initiation. At a place called the ‘Summit Monastery’. Now the
‘Church Universal Triumphant’ or ‘Summit International’ holds its main Bible College in Pasadena,
they bought the old Nazarene college there. They used to be called the ‘Process’. The process still
exes on the east coast. Manson was member of the process, that kind of gives you an idea of what
they are like. A very racist type group ‘American Nazi’ type group, but they believe in human
sacrifice and lucifer being god. They believe that peace will only be achieve when Christians ...When
churches are burnt. As one leader, Isaac Bonawitt said, ‘When the churches are in ashes and the
Christians are against the law then our god will give us peace’. I imagine then their god would give
them peace but anyway after all this training, this initiation I moved down to San Antonio so I could
direct the drug traffic coming across the boarder there in three places, and a couple of places in
Arizona. I was given a thirteen state area and all the occult activities in those thirteen states. I didn’t
have California my foster mother leads California but I had a lot of dealing because of her in
California in the occult. Now my only job was to meet eight times a year with the top witches around
the country to decide things that would happen. Right now today is one of the days that the witches
meet eight times a year. This is New Years Eve to witches this is bellpain? The most important day in
witchcraft. Now a very strange thing has been taking place. Instead of one a day meetings, which
was scheduled, those thirteen witches and several hundred others have been meeting in Los Angeles
for the past three weeks. Must be very important what they are going to be up too but anyway if
you’ve always wondered why the birthday of the illuminati and the birthday of the communist
party is May the first, (after all the illuminati always used May first because that their New Years Day and
they began everything of May first). So you can always watch for big things happening on May first,
but I lived there for a while. The other thing that I did as I told the young people here before, was to
pass out money. I would receive cheques starting about half a million dollar figures and working up.
Cashier cheques from three main banks in New York City would come by armed messenger. It would
be my job to place them in people’s hands. Now most of the people that received these were in the
Charismatic Movement. That’s why I don’t like the Charismatic Movement. I don’t know why some
of the Baptists don’t like it, but I know why I don’t like it. I don’t like it because I had to pay most of it
leaders...Oh and we bought most of the big churches that are Charismatic Churches today like
Melodyland and Calvary Chapel. That’s why I don’t like it. The occult world does not spend money to
their enemies. They give it to their friends. So you might consider that if it ever crosses your path, if
it has done so. That was mainly my function and then one thing happened that changed it all. I was
slowly getting dissatisfied with this thing because it wasn’t the religion that I had been raised in any
longer it was politics. It was conspiracy all the time it was this devious act and that devious act. It
just wasn’t what I had been promised, when I started becoming a priest at fourteen. But you can’t
get out when you in, supposable at least. Nobody had ever heard of getting out at that time and
then Aug the first happened, 1972. A courier from our State Department arrived from the London
Embassy (he) arrived in San Antonio, where I (was) hosting the meeting, it was called Latimer Aug
1rst, all the witches, the thirteen witches were gathered together. There the courier came in and left
a sealed pouch with the Secretary of State seal on it and left. Dr Bucklin cut the seal and opened it
took out six letters which bore the crest of the illuminati. The crest of the illuminati is on the back of

started thinking things out. I wanted to talk with a Christian and find out if what they believed was
the same things (that I had been taught they believed), which is the world of difference. The only
problem is we had paid and bribed and blackmailed so many ministers in the area that I didn’t know
who we could call because if I got a hold of the wrong one I could end up being killed, because
they’d report me. So I sat up for a while and I thought it over and finally I remembered from the
night before one of the witches had come in complaining about a coffee house called the ‘Green
Gate Club’. Now this coffee house was very strange place. They’d been a ‘Poless Parlour’ until a
minister went in one night, jumped up on the bar and shoved the strippers off. He weren’t too polite
about it. You shouldn’t get too polite with the devil. He started preaching the gospel. About fifteen
minutes later the strippers pulled the curtains down off the walls and wrapped them around their
bodies and were kneeling down at the bar given their heart to the Lord along with half the
customers. The man and women that owned the place, the bandsman and the bartenders. About
thirty people saved a good old fashioned revival. Now the people lives were so changed that they
gave the deed to the place to one of the Baptist churches. One of them that was praying and fasting
that Lance Collins would get saved. It was all shaping up, but I didn’t know that. All I knew was that
this witch, that was a prostitute had come in screaming at the top of her lungs when I was going
through withdrawal. I wasn’t interested in hearing it but was (at a) place down the street... how she
tried to proposition a soldier down the bus station and (had) him (the same preacher) preaching the
word of god at him, (the soldier) at the same time. It could bankrupt you. It could really put you out
of business. She was very unhappy about it. Tape end.
teenager I was asked to (go to) an all expenses paid flight out to Hollywood. With the dairy that I had
inherited as a child through a will, from my great grandmother. They were the dairies of several
members of the Collins families one of them was a character named ‘France William Collins’ who
was the secret in a coven that Benjamin Franklin was a high priest of. The dairy dealt heavily with
three political figures Jefferson, Franklin, and Hamilton. He would call them by name in the diary and
so on and this is the man that they copied the Barnius Collins from in the show. I was out there for a
few months for my vacation one year telling them all about the Collins family as they were putting
the scripts together and they was a very interesting thing that happened to the show. It had the
highest ratings of any show that had ever been on Television and it was literally prayed off the
Television. It still had the high ratings when they quit and for no understandable reason they just
quit producing the show. They still haven’t figured out why they’ve done it. In fact they’ve tried to
bring it back several times in repeats across the country and every time its arose as repeats
Christians have started praying and its only lasted two or three weeks and it went off the Television
again. So if it happens to come up you might decide to pray a little ... It was a very, very strong occult
show probably besides ‘Bewitched’, it was the main reason the occult grew so as strong as it grew so
quickly, other than rock music. Now I was born and raised in this family which automatically placed
me into a witchcraft atmosphere. Many of you have known nothing but Christianity. Many of you
came out of the world that were Christians and many of you are still in the world, (which I hope
you’ll get out of today after hearing this) but I was born into a witchcraft family, and I was telling
some of the teenagers in different places, when the kids were coming to Sunday school and
memorising memory verses I was memorising the witches chant. When they were reading stories of
Moses and Joseph and so on and the disciples and the Gospels I was reading J R.R. Tolkien and C. S
Lewis. When they were studying different things and when they were learning about the Lords
Supper I was learning about how flying saucers brought the first men to earth. When they were
learning about the garden and Adam and Eve I was learning about Adam and Eve being the first sons
of god. So it was a little different and of course when they were learning how to pray I was lighting
candles and incents and how to cast spells. I grew up in this atmosphere. Many of the kids had
something I never had that I never missed until I became a Christian, and realised now it really
existed. I missed it. I never had a childhood. In witchcraft the parents are not allowed and even if
they could they wouldn’t have the ability too. They are not allowed to love their children. The
children are the property of the Craft and not of the parents. They are raised by all the witches in the
Craft and the parents say nothing. One thing you might be interested to notice. They are never
allowed to spank their children, they are never allowed to punish them, from the moment the child
is five years old he is considered an adult and he’s treated like an adult and therefore you have some
very rebellious children. But that’s the way they like it. Now when I was thirteen I was taken to a
thing called the ‘Outer Court’ the outer court is a school like you might send your child to. A specific
Bible College. Well each coven has their own bible college and it’s called the ‘Outer Court’ and
there I was trained to be a priest in witchcraft and at fourteen I was initiated a priest now if that
seems young for you can imagine at thirteen or fourteen you picture your own child and that’s the
way it was. I have a little bit of news for you. My sister progressed even faster than I did when she
was thirteen. She was the Witch Queen of the State of Ohio. She had over close to about 15 000
witches under her control and all of them were almost adults. So age has nothing to do with it. It’s
how fast they were trained and the family they came from in fact they are after teenagers 95% of
the people who’ll join witchcraft are inducted by their school teachers in junior high in high school
and if you’re sitting out there, and the pastor didn’t ask me to say it’s just a firm belief of mine if

a little poll back then?) But this is the world as it really exists and we are going to be talking about it
today. You may think it’s a little different from anything you’ve ever heard and I’m must be either
crazy or lying or I’ve got a good story or something. The reason for that is that if you step in front of
your television a lot or quite a lot as most people do (and the television has a very absorbing nature
on people), you begin to accept that what you see on television is reality and that’s the way people
are across the country. We have named people across the occult world that are also on television. I
told a couple of people that I used to know, that I had a lot of dealings with when I was in the
witchcraft world, that are now superstars on TV. Most people cannot accept that because you watch
them and these are nice clean cut figures. ‘Surely’ from their television shows that’s just the way
they are, but it’s not so. In fact just to break the ground I’ll kind of give you an example before I go
with the testimony. One of the most powerful witches in the Unites States is on television...She’s a
homosexual. In fact the young lady she lives with in marriage is a very famous rock star* and they
thought it was very unjust of witchcraft that homosexuals weren’t allowed to be ministers in
witchcraft and that they were smarter than the Christian church...So they decided that that was
unfair so they formed their own denomination or as we call it in witchcraft a brotherhood... For
homosexuals that are witches. Now this nice clean cut American girl has one of the top comedies,
situation comedies on television. Most people watch it on Tuesday night when they don’t have
anything else to do like pray. It’s called Lavern and Shirley? And the girls name is Cindy Williams*
that plays Shirley. Now that’s the real world out there it’s not the world that you see on television.
So today if I say a few things that are astonishing to you, I say these things across the country and so
many people have blitz’s these poor people with tapes until they’re running out of their ears of
these things I’ve said. I ended up in court because usually I quote news releases and statements
made to the public which most other people don’t catch. Or I quote knowledge in the past that I can
prove so believe me I say the things that can be proven and I’m very careful of what I say. So you
think about it for a while, at least do this (most people who hear me who can’t accept me decide
they are going to try to prove I’m wrong because they can stand what I’ve said. It will just shatter
their lives. (I hope) and they run out and they go to all the libraries and they try to prove against
what I say. Then I get my strongest believers after that, because when you go to the library and
when you go to the bookstand and you start buying books and start researching the things I’m going
to say today something very mysterious happens, you find out I’m telling the truth. It’s all there. So I
invite you to go and spend a few hours go and turn off the television and do some praying and do
some reading of the word of God and do some reading of other books when you leave here today
and you might find out what’s really happening today. Now I came from a family, I said the Collins
family that brought witchcraft to the United States, (they were originally druids in Scotland). Their
name was Colleen but they had to flee Scotland because of being hunted for witchcraft and they
came down to England and they pretended to be Puritan family. One thing I want to point out over
and over today is that they are many, just as communist trained KGB agents to come to the Unites
States and infiltrate its political and religious circles, so that(s) (the same) with the occult world. They
have a whole training centre *two of them in fact. One in St Louis and one in St Pauls that
completely trains a witch on how to act and talk like a Christian. They usually do it better than we do
because they are pretending and we are stumbling. So I’m just going to point this out as we go today
but they went down and they pretended to be Puritans and they came over seas. In fact they
brought the first puritans to the Unites States on board a ship that Frances Collins owns. They landed
at an area called Collins bay outside of Salem and that’s why it’s called Collins Bay. Now how many of
you remember a show called Dark Shadows? You can guess what that was about. When I was a
